

Neutrogena *insider*™

It's all about the ingredients

Makeup with skincare benefits

Hyaluronic Acid

With acid in the name, this ingredient may sound scary but it's actually one of the best things you can use to keep skin healthy and hydrated. In fact, it's something that our bodies produce naturally. It holds up to 1,000 times its weight in water, acting like a magnet for moisture to help your skin hold on to as much of it as possible.

Benefits of hyaluronic acid:

- Leaves skin feeling refreshed and hydrated
- Helps skin feel smooth
- Plumps and helps skin “bounce back”

INSIDER SCIENCE

HYDRO BOOST COSMETICS WITH HYALURONIC ACID

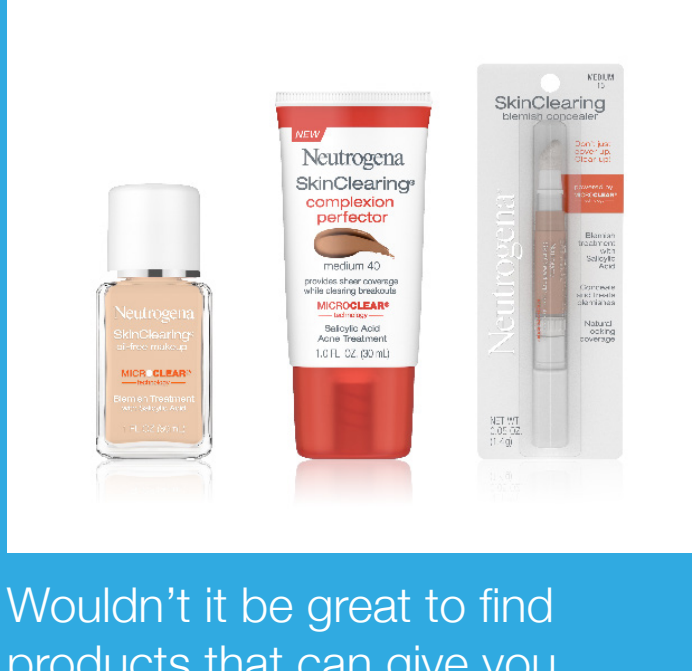

Neutrogena® Hydro Boost Cosmetics are packed with skin quenching hyaluronic acid to boost hydration leaving smoother, more supple skin. In a variety of products and shades to choose from, there is something for everyone.

Salicylic Acid

Everybody deals with acne at some point in their life. One of the best ingredients for clearer skin is salicylic acid, which dissolves the skin debris that clogs pores. This prevents acne from forming and reduces the size and redness of breakouts. So, not only can it help with the acne you already have, it can also prevent future breakouts.

INSIDER SCIENCE

NEUTROGENA SKIN CLEARING® MAKEUP

Wouldn't it be great to find products that can give you natural-looking coverage while also treating and helping prevent breakouts? Look no further than Neutrogena Skin Clearing® Makeup. These products are formulated with MicroClear® Technology, scientifically proven to dissolve oil and help boost delivery of salicylic acid to the source of breakouts.

SPF

We all know that wearing SPF daily is the best way to help protect skin and keep it looking younger, longer. Incorporating SPF into your makeup is one way to help protect skin from the sun's damaging rays. Look for makeup that includes broad spectrum protection.

SUN PROTECTION

Neutrogena Healthy Skin® products offer lightweight, non-greasy formulas that provide beautiful, natural coverage so skin looks its best. Plus, an exclusive triple antioxidant blend helps improve the look of skin over time. Best of all, Neutrogena Healthy Skin® products are formulated with SPF to deliver broad-spectrum, superior protection that helps protect skin from UV damage. It's better for your skin than wearing no makeup at all.
